

K. D. RUVINDU DULAKSHA

Junior Mobile Application Developer (Flutter, iOS) | WordPress Developer

Ja-Ela, Sri Lanka • +94 76 393 0373 • ruvindufdo@gmail.com • [LinkedIn](#) • [GitHub](#)

PROFESSIONAL SUMMARY

First Class Honours Computing graduate, Gold Medalist and Batch Topper, with 2+ years of hands-on experience developing 10+ mobile, web, and AI-powered applications. Skilled in Flutter/Dart, iOS/Swift, and custom WordPress development, with practical experience in Firebase, Supabase, REST APIs, and Google Gemini API. Experienced in building responsive applications and websites from concept to deployment, with freelance and client project experience across education, tourism, government, and media. Quick to learn and adapt to new technologies, frameworks, and development tools.

WORK EXPERIENCE

WordPress Developer | Intern → Contract

Jul 2026 – Aug 2026

[Mentura Global](#) | Remote

- Built and customized **client WordPress websites** using Elementor, custom themes, plugins, and **ACF**.
- Developed custom functionality using **PHP, HTML, CSS, and JavaScript**, converting designs into responsive pages.
- Implemented **SEO, accessibility, and performance** best practices while troubleshooting and delivering client-ready websites.

Freelance Web (WordPress) & Mobile Developer (iOS, Flutter)

2024 – Present

Self-Employed | Remote

- Delivered **6–7 freelance projects** for education, tourism, government and media clients, including Mirai Japanese School, KCINCP, V7 Family and the government project nyscoiff.com.
- Built the **Ceylon Tour Advisor** tourism platform (WordPress) and the iOS front-end of the **Voyara** app.
- Diagnosed and fixed bugs across multiple **Flutter apps**, improving stability and user experience.
- Managed the **full project lifecycle** solo: requirements, UI/UX, development, deployment, support.

Mobile & Web Application Developer

May 2024 – Apr 2025

[Revo-Interactive \(Pvt\) Ltd](#) | Internship, Remote

- Delivered **6+ mobile and web projects on time** in agile teams: planning, UI/UX and full-stack work.
- Built cross-platform **Flutter + Firebase** apps with real-time databases, authentication and cloud data sync.
- Built **AI/ML features** with Firebase ML and the **Google Gemini API**; prototyped **AR** integration.
- Built WordPress sites end-to-end, including custom themes, plugins, LMS and **WooCommerce** stores.

WordPress Developer & Web Support Trainee

Jan 2021 – Mar 2021

[Soft Gallery \(Pvt\) Ltd](#) | Trainee, Hybrid

- Built and maintained **4 complete WordPress websites in 3 months**, including e-commerce functionality.
- Handled theme customisation, plugins, performance optimisation, SEO and responsive design.

TECHNICAL SKILLS

Mobile Development: Flutter, Dart, Swift, SwiftUI, Kotlin, State Management (Provider, setState), REST API Integration

WordPress: Custom Themes, PHP, HTML, CSS, JavaScript, WooCommerce, ACF, Plugins, Migration, SEO

UI/UX Design: Figma, Wireframing & Prototyping, Responsive Design, Front-End Design

Databases & Backend: Firebase, Firestore, Supabase, MongoDB, Hive, SQLite, REST APIs

AI & Machine Learning: Google Gemini API, TensorFlow Lite, OpenCV, MediaPipe, BigQuery ML, GPT-Neo, FAISS, Generative AI

AI-Assisted Development: Google Antigravity, Claude Code, Gemini AI, GitHub Copilot, ChatGPT

Programming Languages: Dart, Swift, Kotlin, Python, JavaScript, C#, C++, PHP

Web & Development Tools: React, Node.js, Git, GitHub, Bitbucket, Chrome Extension APIs, Arduino, ESP8266, IoT, Agile/Scrum

KEY PROJECTS

LankaRide – Ride-Hailing Research

Flutter, Firebase, Google Maps API, ML
Research prototype featuring driver matching, GPS tracking, and dynamic fare calculation.

VistaBids – iOS Auction App

Swift, SwiftUI, Firebase, Figma, AR
iOS auction application with real-time bidding, Firebase integration, and AR features. [Watch demo](#)

Chillox Food Delivery App

Flutter, Figma
Food delivery app front-end with reusable, responsive UI.

Gesture-Based PowerPoint Control

Python, OpenCV, MediaPipe
Computer vision application using hand gestures to control PowerPoint presentations.

AI Chat Bot

Kotlin Multiplatform, Google Gemini API
Cross-platform AI chatbot integrating the Gemini API for conversational interactions.

Mirai Japanese School Website

WordPress – Customizing, PHP, HTML, CSS, JavaScript
Full-featured school website with custom WordPress development, learning resources, and student management functionality.

Smart Car Parking System

Flutter, Firebase, Arduino, ESP8266, IoT
The IoT-enabled Flutter app provides real-time parking availability and slot booking.

Savoease Food Delivery App

Flutter, Firebase, Figma
Food delivery application with Firebase backend, authentication, and responsive UI.

VistaParadias Movie App

Flutter, REST API
Movie and TV discovery application integrating third-party REST APIs.

Chatbot with PDFs – AI Assistant

Python, Streamlit, GPT-Neo, FAISS
AI-powered assistant for answering questions from uploaded PDF documents.

Image Classification App

Python, TensorFlow Lite, Flutter
Flutter application performing on-device image classification for cat and dog images.

EDUCATION

BSc (Hons) in Computing – First Class Honours 2024 – 2026

Coventry University (UK), delivered through the National Institute of Business Management (NIBM), Colombo

Gold Medalist • Batch Topper • First Class Honours

Higher National Diploma in Software Engineering 2023 – 2024

National Institute of Business Management (NIBM), Colombo, Sri Lanka

Diploma in Software Engineering 2022 – 2023

National Institute of Business Management (NIBM), Colombo, Sri Lanka

Diploma in Software Engineering 2017 – 2018

ESOFT Metro Campus, Ja-Ela, Sri Lanka

CERTIFICATIONS

- Introduction to Generative AI – Google Cloud
- Gemini for Data Scientists – Google Cloud (2025)
- BigQuery ML for Inference – Google Cloud (2025)
- Flutter and Dart: iOS, Android & Mobile – IBM (2025)
- Mobile App Databases & Publishing – IBM (2025)
- Flutter Course – DP Education (2025)
- Python Programming – Univ. of Moratuwa (2024)
- Python for Beginners – Univ. of Moratuwa (2023)
- Hour of Code – Code.org (2021)
